

Pathways of Hope

Rebuilding Lives of the Hungry and Homeless

On Thursday, February 8th, 2018, at the Fullerton College Campus Theatre, nine local celebrities will compete in a dance competition to walk away the winner of the coveted mirror ball trophy. But that is not the only reason they are dancing. These dancers are committed to **ending hunger and homelessness** and are raising money to support Pathways of Hope.

Pathways believes that every single person deserves a roof over their head and food on their table. Every day, we work hard to serve hundreds of struggling families and individuals with food, shelter, and housing support services. Since our founding in 1975, we have touched the lives of over 600,000 people, thanks to the generosity and compassion of our supporters. Now we are raising funds to provide aid to thousands of our neighbors in need in 2018 – and we need your help.

You can change lives by becoming a sponsor of Look Who's Dancing.

Will you join us and rebuild the lives of North Orange County's most vulnerable residents?
